

Sacred Heart RC Primary School

‘Where Every Heart is Sacred’

OUR MISSION STATEMENT

*Our school community of Sacred Heart
reflects the love that Jesus has for us.
This creates a successful learning environment
where we welcome people
so they feel happy, settled and included.
We honour each other and our school with pride.*

SEND School Information Report

Support for your child at Sacred Heart RC Primary School

Our job is to help your child achieve the very best they can at school and to achieve their full potential. You know your child best and you may feel that they need some additional help or support for some or all of their time at school. Support can be given for a variety of reasons to help children achieve their full potential. Not all children will need extra support with their learning but the progress of all children at Sacred Heart RC Primary school is monitored closely to ensure support is provided where necessary. This booklet is to inform you of the types of support available for your child in school. It will help you understand who can help and how this support can be accessed.

Teaching and Learning

Children learn and develop in different ways. Teachers know and understand this and use different teaching styles to plan work at different levels in order to meet the needs of all pupils in their class. This is called "Quality First Teaching." All pupils at Sacred Heart RC Primary School receive "Quality First Teaching" from their class teacher. Our aim is to provide the highest quality learning environment for your child and for them to achieve their full potential.

Sacred Heart RC Primary School

'Where Every Heart is Sacred'

All our classes are supported by teaching assistants and pupils are offered additional support or catch up programmes where needed.

Some children also need support at break/lunchtime and we offer a range of pastoral groups to support a number of children who need different provision at lunchtimes or break times.

At Sacred Heart RC Primary School the progress and attainment of all pupils is reviewed on a termly basis by the Senior Leadership Team, of which the School SENCo is a member. These termly pupil progress meetings help identify children who may need additional support to meet identified needs. The progress and attainment of SEND children is reviewed on a half termly basis to ensure provision is matched accurately to need.

Parents and Carers would be informed about their child's general progress and targets through the twice yearly Parents' Evenings and the annual school report. Parents and Carers of children with special educational needs/disability (SEND) would be invited into school by their child's class teacher on a termly basis to review and discuss their child's IEP (Individual Education Plan). In addition, Parents and Carers of children who have a Statement of SEND or a SEND Resource Agreement would be invited into school at least once a year for their child's annual review meeting.

If a child continues to have difficulty after intervention or has a high level of difficulty when they join our school, they may be considered to have special educational needs/disability (SEND) and are placed on the SEND register. This decision is made in partnership with Parents and Carers.

Children with SEND have learning difficulties and/or physical disabilities which make it harder for them to learn than most children of the same age. They will need extra support or different help eg. modified tasks, extra time or breaks in formal assessments. School and other agencies can help most children overcome their difficulties quickly and easily. A few children will need extra help for some or all of their time in school.

This means they may have difficulty with:

- some or all of the work in school
- reading, writing and mathematics
- understanding and processing information
- expressing themselves
- understanding others
- organising themselves
- sensory perception or physical mobility
- managing their behaviour or emotions
- making friends or relating to adults

Sacred Heart RC Primary School

‘Where Every Heart is Sacred’

At Sacred Heart RC Primary School teaching and learning opportunities are adapted and continually evaluated (with support of external agencies when required) to ensure the needs of all our learners are met. Parents and Carers should not feel unduly anxious about such additional support as it allows children to receive the specific help they need to make the next steps in their learning journey. In addition, every effort is taken to ensure transition times are successfully managed.

One Page Profile documents have been developed for children who have special educational needs as this document provides vital information for all staff who may come into contact with a child ie. supply teacher, lunchtime organiser. Further information regarding One Page Profiles can be found on our school website.

Teachers take part in transition meetings so they have complete knowledge of the needs of all children in their class. Additional visits to new classes or new schools are also arranged to support and re-assure pupils and Parents/Carers.

SEND Stages and Terminology

The Special Educational Needs Code of Practice gives guidance to schools in meeting the needs of pupils. It sets out how help should be given in a step-by-step approach. Our school SEND Policy is available on our school website. Parents /Carers will be consulted at all stages of our graduated approach and the class teacher will inform you of the additional work they, or other adults in school, do with your child.

Class teachers will assess your child on a half termly basis to identify strengths, needs and any extra help they require. The process is as follows:

Wave 1 (Quality First Teaching)

All pupils in school receive quality first teaching which is also known as Wave 1. Wave 1 is the effective inclusion of all pupils in high-quality every day personalised teaching. Such teaching will, for example, be based on clear appropriate objectives that are shared with the children and returned to at the end of the lesson. Teachers use a lively, interactive range of teaching styles and make maximum use of visual and kinaesthetic teaching techniques (the latter being a learning style which involves the student carrying out a physical activity, rather than listening to a teacher talking or watching a teacher) as well as auditory/verbal learning.

Wave 2 (Formerly School Action)

If a pupil has needs which are related to more specific areas of their education, such as spelling, handwriting, numeracy and literacy skills, then they may be considered for a Wave 2 intervention which is a targeted catch up provision for children to ‘put them back on course’. This will be led by a teacher or a teaching assistant and is usually done in focus groups. Interventions at Wave 2 will be planned and reviewed by the class teacher half-termly to ascertain the effectiveness of the provision and to inform future planning.

Sacred Heart RC Primary School

‘Where Every Heart is Sacred’

Wave 3 (formerly School Action Plus)

If a child continues to have difficulty after a Wave 2 intervention or has a high level of difficulty when they arrive at school, they may require support from an outside agency such as an Educational Psychologist or a Speech and Language Therapist. After an assessment is undertaken by the EP or Speech Therapist, a programme of support is sent to the school from the involved agency and is shared with the Parents/Carers. School may seek professional advice from a range of agencies including:

- Speech and language therapists
- Visual/hearing impairment teachers
- Health professionals
- Educational psychologists

Wave 3 interventions are a deeper intervention, offering more personalised solutions – they would usually be delivered by a SEN TA and may be on a one to one basis or in a small group.

Education, Health and Care Plan – EHC Agreement (Formerly Statement of Special Education Needs.)

If your child’s needs are complex or severe we may suggest that we make an application for an EHC Agreement to the Local Authority. This document will describe your child’s SEND and the special help they should receive. Education, Health and Care Plans usually involve the Local Authority providing extra resources to help your child. These could include money, staff time, special equipment or attendance at a school with specialist resourced support. This additional provision will be reviewed annually or sooner if required and would include parent, teacher, SENCo and pupil.

From September 2014, all children and young people from age 0-25, who have significant special educational needs will undergo an Education, Health and Care (EHC) assessment (unless the Parents/Carers of the young person decide to opt out of the new system). This will lead to an EHC Plan instead of a Statement of SEND. For children and young people who already have a Statement of SEND, the transfer of Statements into EHC Plans will be a gradual process and this is the responsibility of the Local Authority.

A Team Approach at Sacred Heart RC Primary School

Here at Sacred Heart RC Primary School we have an experienced team of staff who may be involved in supporting your child in school. These include:

- **Your child’s teacher** who will always make sure that learning is differentiated appropriately and that tasks set are accessible for your child. Your child’s teacher is available at the end of each day or a meeting can be scheduled either directly or via the school office. Please talk to your child’s teacher if you have any concerns regarding your child in school.

Sacred Heart RC Primary School

‘Where Every Heart is Sacred’

- **Teaching assistants** support all pupils in class. Here at Sacred Heart RC Primary School we have several additional teaching assistants who help support groups and individual children with their learning. **Our School The SENCo (David Wilson)** is also the school’s Deputy Headteacher. He holds the National Award for Special Educational Needs Co-ordination from Manchester Metropolitan University. He is responsible for co-ordinating SEND provision across the school, from Nursery to Year 6. He is also a member of the SENCo East Manchester School Cluster which meets regularly every half term to share good practice.
- **Our School Pastoral Lead (Eileen Gerrarty)** provides and co-ordinates pastoral and nurture groups and works closely with families here in school. She is available at the beginning of each day providing a daily drop in session for Parents and Carers.
- **Our Home School Liaison Officer (Rosie Shevlin)** works closely with families and assists parents and carers in accessing additional support from local agencies.
- **Our Specialist Reading Recover Teacher (Jo Botham)** – Jo is a specialist teacher who delivers a targeted reading intervention to identified children in Key Stage One.
- **A Designated School Governor (Marie Jordan)** who works with the SENCo in leading SEND across the school.
- Sometimes school may commission **Specialist Support** to work with identified children with a particular focus eg. Speech and Language therapists or Occupational therapists.

To ensure we have a whole school approach and our staff have the skills and knowledge to support children with SEND, there is a programme of on-going training both in school and elsewhere and staff regularly attend specialist training courses. Recent training has included Autism Identification, Reading Recovery Training, Inference Training and Speech and Language Training. In addition, the school SENCo provides a structured programme of in-house workshops throughout the academic year for all staff covering areas such as Dyslexia, Dyspraxia and Autistic Spectrum Disorder.

Team Around the Child (TAC)

As part of our support for all children here at Sacred Heart RC Primary School, we have regular opportunities to consult support services and health agencies through a multi-agency approach which sometimes includes a Team Around the Child (TAC) meeting to support the family as well as the identified pupil. School and the family will meet and

Sacred Heart RC Primary School

‘Where Every Heart is Sacred’

discuss and plan together the best use of advice and support from other agencies, with a view to achieving the best outcome for the child and family.

Professionals who might attend a TAC meeting include:

- **The School Nurse** who works closely with us and can advise and assess any medical needs. If a care plan is required this would be done in conjunction with the Parent and school nurse and would be reviewed annually.
- **A Speech and Language therapist** who works with children in school can offer advice as to whether your child would benefit from this support or assessment.
- **An Educational Psychologist** may give advice or complete an assessment for a child.
- **Outreach support** from specialist schools.
- Our link **High Schools SENCo** who liaises to support successful transition to Year 7.

At Sacred Heart RC Primary School we value the support and feedback from all our stakeholders. We have a School Council and conduct various pupil voice activities throughout the year.

If you would value some support/advice from other Parents of children with additional needs we have our SEND Parent Forum Group which meets on a termly basis. Please contact the school office for further information and meeting dates. In addition, a SEND termly newsletter is distributed to all Parents / Carers providing further information and advice regarding activities and events both in school and the local community. If you would like advice from professionals outside school you may find the following numbers and websites useful:

Frequently Asked Questions

Who should I talk to if I am worried about my child?

Your child’s class teacher is always best placed to answer any questions you may have relating to any aspect of school life. They may consult other staff members involved with your child. You can also contact the school SENCo either via email or the school office if your concerns have not been answered by your child’s class teacher.

What types of support will be available to my child? How will teaching be adapted?

There are many types of SEND support available at Sacred Heart RC Primary School. These range from full time 1-1 support to short 20 minute intervention sessions. Support for all children begins in the classroom with ‘Quality First Teaching’, where the class teacher plans differentiated activities in all lessons including a range of learning styles and outcomes. If a teacher feels that a child needs more support, they will share this information with you as a Parent/Carer and outline and deliver initial provision. If

Sacred Heart RC Primary School

‘Where Every Heart is Sacred’

progress remains a concern for either Parent/Carer or class teacher, it may be agreed that a SEND referral is necessary. The class teacher would complete the school SEND referral form and email to the school SENCo for further review and advice.

How will I find out about my child’s progress?

You can attend regular Parents’ Evenings throughout the school year. In addition, you can email the class teacher or call the school office to arrange an appointment to meet with the class teacher to discuss any concerns.

How can I support my child?

Stay in regular contact with school – we want to work in partnership with Parents and Carers. Attend all Parent meetings and support your child in following tasks and homework set by school. Encourage your child at all times and let us know of all successes outside of school. Always talk to your child’s class teacher if you have any concerns or worries about your child.

Children and Young People’s Questions

How does my school know if I need extra help?

Your class teacher at Sacred Heart will be keeping a close eye on your learning every day. They will soon pick up if you have found something difficult or misunderstood a concept. Or sometimes they will pick up a problem after a little assessment. Sometimes you might go to work with one of our TAs to play some games or complete some work if you are struggling with something.

What should I do if I think I need extra help?

If you feel like you are struggling or that you could do with more help, just ask your teacher. They will be delighted that you have asked as it shows them that you are taking responsibility for your learning!

The teachers are all very friendly and welcoming at Sacred Heart, so please don’t be afraid to chat to us.

If however, you would prefer not to speak to your teacher about something you are struggling with, you can tell a teaching assistant or any member of staff – everyone is here to listen to you and help you.

How will my work be organised to meet my individual needs?

Sacred Heart RC Primary School

‘Where Every Heart is Sacred’

All of our teachers at Sacred Heart are excellent at differentiating learning to meet the needs of all of our learners. This means that they will change a task to suit you. They are very good at making things easier or harder for their pupils but making sure you are still challenged at the same time...because let's face it, learning without a little bit of challenge is just boring!

How will I know if I am doing as well as I should?

All of our staff at Sacred Heart are very approachable and would be happy to discuss any worries you have at any time. When you have completed a piece of learning your teacher will feed back to you either orally or through our marking code. They will give you praise for what you have done well and pointers for what to improve next time. In KS2, you might have a meeting with your teacher to discuss your progress so far and what you need to work on to become even better!

If you have an Individual Education Plan this will be reviewed each term with you, your teacher and your Parents/Carers. You can discuss your progress at any time with your teacher.

If you have a Statement of Educational Needs or an Educational Health Care Plan, this will be reviewed each year with you, your parents and any other person who works with you.
